Office of the Secretary

Dear Ms. Dortch:

On behalf of Pasadena Area Community College District, licensee of noncommercial educational FM station KPCC, Pasadena, California, I hereby give notice of the commencement of equipment tests of the facilities authorized by the above-captioned construction permit. During the equipment test period, the permittee will make radiofrequency electromagnetic (RF) field strength measurements to determine if there are any areas that exceed FCC guidelines for human exposure to RF fields. The results of those tests will be reported in the license application.

Respectfully submitted,

  
John Crigler
