Independent Auditor's Report

To the Board of Trustees
Southern California Public Radio
Pasadena, California

Report on the Financial Statements

We have audited the accompanying financial statements of Southern California Public Radio (the Organization), which comprise of the statement of financial position as of June 30, 2013, the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Southern California Public Radio as of June 30, 2013, and the changes in net assets, and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited the Organization's 2012 financial statements and supplementary information, and we expressed an unmodified audit opinion and in-relation-to opinion on those audited financial statements and supplementary information, respectively, in our report dated October 16, 2012. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2012, is consistent, in all material respects, with the audited financial statements and related supplementary information from which it has been derived.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The additional Operating Fund, Property Fund and Designated Fund information presented in the statement of activities for 2013 and the supplemental information on page 18 are presented for the purpose of additional analysis of the financial statements, rather than to present the results of operations of the individual funds, and are not a required part of the financial statements. Such additional information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements, or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Southern California Public Radio (An Affiliated Organization of American Public Media Group)

Notes to Financial Statements

Note 1. Nature of Business and Organization

Nature of business: Southern California Public Radio (the Organization or SCPR) is a not-for-profit corporation located in Pasadena, California. SCPR's mission is to strengthen the civic and cultural bonds that unite Southern California's diverse communities by providing the highest-quality news and information service through radio and interactive media.

American Public Media Group (APMG) is the not-for-profit parent support organization of SCPR, of Minnesota Public Radio (MPR) and of Classical South Florida (CSF). APMG's primary purpose is to provide financial and management support services to SCPR and other affiliates. APMG has the ability to elect, or to approve the election of, the SCPR Board of Trustees, a majority of the MPR Board of Trustees, and the CSF Board of Trustees.

SCPR is party to a Public Service Operating Agreement (the PACCD Agreement) with Pasadena Area Community College District (PACCD) for the operation of public radio station KPCC (89.3 FM), whose city of license is Pasadena, California. KPCC provides a radio broadcast signal to a significant portion of Southern California, including Los Angeles and Orange County. Pursuant to the PACCD Agreement, SCPR assumed responsibility for the operation of KPCC, while PACCD remained the licensee of the station. Pursuant to the PACCD Agreement, PACCD contributed capital of \$172,000 in exchange for promises made by SCPR relating to the operation of the station, including certain minimum operating requirements, minimum budget requirements, and revenue-sharing obligations to PACCD. The PACCD Agreement is effective through December 31, 2025, and automatically extends for successive periods of five years each thereafter, unless either party gives written notice at least 12 months prior to the end of the then-current term or extension. Also in support of the PACCD Agreement, APMG and its affiliates agreed to provide programming, development, technical, human resources and accounting services to SCPR.

SCPR is party to a Public Service Operating Agreement (the UR Agreement) with the University of Redlands (UR) for the operation of public radio station KUOR (89.1 FM), whose city of license is Redlands, California. KUOR provides a radio broadcast signal to a significant portion of Southern California's Inland Empire. Effective April 21, 2007, SCPR assumed responsibility for the programming, operation and financial activities of KUOR, while UR remained the licensee of the station. Pursuant to the UR Agreement, SCPR must maintain certain minimum regulatory and operating requirements and share revenues generated from or with respect to KUOR with UR (also see Note 13). The UR Agreement terminates on April 21, 2017.

As of May 28, 2009, SCPR is the licensee of public radio station KVLA (90.3 FM, formerly KPCV), whose city of license is Coachella, California. KVLA provides a radio broadcast signal to the Coachella Valley, including Palm Springs.

SCPR operates an Internet website at www.scpr.org, where it provides a live stream of its radio programming, archived audio programming, text and interaction.

Note 2. Summary of Significant Accounting Policies

Net assets of the Organization and changes therein are classified and reported as follows:

Unrestricted: This classification contains net assets that are not subject to donor-imposed stipulations and are available for general support of the Organization.

Southern California Public Radio (An Affiliated Organization of American Public Media Group)

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

The Organization maintains the following unrestricted funds:

Operating Fund: The Operating Fund is maintained to account for general-purpose contributions, grants, and other revenues and to account for expenses associated with the operations of the Organization.

Property Fund: The Property Fund is maintained to acquire and account for all property and equipment owned by the Organization.

Designated Fund: The Designated Fund is maintained to account for funds intended to ensure the long-term financial health of the Organization.

Temporarily restricted: This classification includes net assets subject to donor-imposed restrictions. The restrictions are satisfied either by the passage of time or by actions of the Organization. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restriction. For example, when a donor specifies their contribution is to support the Organization for a three-year period, the Organization recognizes all the future support as temporarily restricted in the year the contribution is first made. The Organization then releases (reclassifies from temporarily restricted net assets) the contribution as unrestricted support over each of the three years specified by the donor.

Temporarily restricted net assets at June 30, 2013, were restricted for the following purposes:

Program support and underwriting	\$ 5,480,000
Undistributed earnings on endowment funds held by others	53,000
Total temporarily restricted net assets	<u>\$ 5,533,000</u>

Permanently restricted: This classification includes net assets subject to donor-imposed restrictions that stipulate the resources be maintained in perpetuity, but permit the Organization to use or expend distributions therefrom for operating purposes. Permanently restricted net assets as of June 30, 2013, represent endowment funds held by the California Community Foundation. The Organization maintains variance power over the endowment.

Basis of accounting: The financial statements of the Organization are prepared on the accrual basis of accounting.

Summarized financial information for the year ended June 30, 2012: The financial statements include certain prior-year summarized comparative information in total. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2012, from which the summarized information was derived. Financial statements from the prior year are available on the Organization's website—www.scpr.org.

Southern California Public Radio (An Affiliated Organization of American Public Media Group)

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Treasury management: The Organization is a member of a centralized treasury management system with its parent, APMG, in order to maximize economies of scale and investment returns on its treasury assets. At the end of each business day, the net cash activity recorded by the Organization's financial institution is transferred to APMG, and a reciprocal amount is recorded by the Organization as due to/from parent. The Organization also maintains funds identified for long-term uses in APMG's interest in investment pool (also see Note 5). Portions of the interest in investment pool are used to meet the cyclical demands for working capital to the extent the amount due to parent results in an obligation to APMG.

Investments, including interest in investment pool: Investments are carried at fair value. As defined in *FASB Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures*, fair value is the price that would be received to sell the asset or paid to transfer the liability (an exit price).

Endowment funds held by others: The Organization has endowment funds at the California Community Foundation (the Endowment). These include contributions subject to donor-imposed restrictions that stipulate the resources be maintained permanently and contributions that are Board-designed. The Organization currently does not receive a draw from the Endowment; rather, the Organization has elected to reinvest all investment returns. As a result, no funds have been distributed. Because SCPR retained variance power but is unable to set the spending rate, the Endowment is not an endowment fund as defined by the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA), as enacted by California. The Endowment is stated at fair value.

Revenue recognition:

Support from public and governmental agencies: The Organization receives unconditional promises and gifts of cash and other assets (support) from the public, including individuals, members, businesses, foundations, educational sponsors, and others and from governmental agencies (donors). Support is reported at fair value on the date it is received. To the extent support includes a donor-imposed restriction, the support is reported as temporarily or permanently restricted, as described earlier in Note 2. When the donor restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted support is reclassified as unrestricted support and reported in the statement of activities as net assets released from restriction. Conditional promises to give are not included as support until such time as the conditions are substantially met.

The Organization receives support from the underwriters of its programming (underwriting), which are thanked with on-air and Web messages (spots). Underwriting is recognized as unrestricted support as the spots are run. The Organization changed its underwriting contracts beginning January 1, 2012. Contracts entered into prior to January 1, 2012, resulted in an unconditional promise to give underwriting support. Underwriting under those contracts had been recognized as temporarily restricted support at the onset of the underwriting contract and was released from restriction as the spots were run. Contracts entered into beginning January 1, 2012, result in support that is conditional upon running the underwriting spot. The Organization also receives goods and services from its underwriters. Barter expense is recorded when the goods or services are used or received. During the year ended June 30, 2013, barter revenues of \$2,095,000 and barter expenses of \$2,062,000 are reflected in the statement of activities. Amounts of cash and barter assets received on underwriting contracts that are conditional upon running future underwriting spots are reported as deferred revenue in the statement of financial position.

Earned operating activities: The Organization recognizes revenue from ticket sales, which are generated from live events. Revenue is recognized when the live event occurs.

Southern California Public Radio (An Affiliated Organization of American Public Media Group)

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Investment return: Interest and dividend income is recorded when earned. Realized gains and losses are recorded when the investments are sold. Unrealized gains and losses represent the change in fair value between reporting periods.

Property and equipment: Property and equipment are recorded at cost, and depreciation is computed on the straight-line method over the estimated useful lives of the related assets as follows:

	<u>Years</u>
Building	32
Equipment	3–20

Leasehold improvements are amortized over the shorter of the lease term or 32 years.

Inventory: Inventories are stated at the lower of cost or market and are tested at least annually for slow-moving and obsolete items.

Impairment of broadcast licenses not subject to amortization: Broadcast licenses are considered indefinite-lived intangibles and are recorded at cost and tested annually on June 30 for impairment, or more frequently if an event occurs or circumstances change that would indicate an impairment. The Organization did not recognize any impairment charge for the year ended June 30, 2013.

Impairment of other long-lived assets: Management periodically reviews the carrying amount of long-lived assets for potential impairment by comparing the carrying amount of these assets to the estimated undiscounted future cash flows expected to result from the use of these assets. Should the sum of the related expected future net cash flows be less than the carrying amount, an impairment loss would be recognized. No impairment was recorded in fiscal year 2013.

Other assets: Other assets include barter assets and capitalized bond issue costs. Barter assets are initially recorded at fair market value and expensed as goods and services are used or received. Bond issue costs are recorded at historical cost and expensed over the life of the bonds using the straight-line method, which approximates the effective-interest method.

Allocation of expenses: The Organization's costs of providing its various services have been classified on a functional basis in the statement of functional expenses. Accordingly, certain costs have been allocated among operations, administrative and fundraising functions. Expenses are charged directly to these functional areas where possible. Remaining expenses are allocated using the best available method, primarily people count.

Income tax status: SCPR is organized under Chapter 317 of Minnesota Statutes as a not-for-profit organization. The Internal Revenue Service has determined that SCPR is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code (the Code) and is not a private foundation, as it qualifies under Section 509(a)(1) as an organization defined under Section 170(b)(1)(A)(vi) of the Code. The State of California Franchise Tax Board has determined that SCPR is exempt from California franchise or income taxes under Section 2370(1)(d) of the California Code, and the Minnesota Department of Revenue has determined that SCPR is exempt from Minnesota income taxes under Section 290.05 Subdivision 9 of Minnesota Statutes.

Southern California Public Radio (An Affiliated Organization of American Public Media Group)

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

SCPR is engaged in certain activities that result in unrelated business income. The Organization has adopted certain provisions of ASC 740, Income Taxes. The provisions clarify the accounting for uncertainty in income taxes recognized in an organization's financial statements and prescribe a recognition threshold and measurement standard for the financial statement recognition and measurement of an income tax position taken or expected to be taken in a tax return. Generally, the Organization is no longer subject to U.S. federal and state income tax examinations by tax authorities for years before the year ended June 30, 2010. The Organization has reviewed its tax position for all open tax years and has concluded that there are no uncertain tax positions that require recognition.

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ materially from those estimates.

Subsequent events: The Organization has considered subsequent events through October 17, 2013, the date of issuance, in preparing the financial statements and notes; there were none to report.

Note 3. Fair Value Measurements

ASC 825, Financial Instruments, requires disclosure of fair value information about financial instruments, whether or not recognized in the statement of financial position, for which it is practicable to estimate that value. ASC 825 excludes certain financial instruments and all nonfinancial instruments from its disclosure requirements.

ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value and expands the disclosures about fair value measurements. Input levels as defined by ASC 820 are as follows:

- Level 1: Financial assets and liabilities are valued using inputs that are unadjusted quoted prices of identical financial assets and liabilities in active markets accessible at the measurement date. The inputs include those traded on an active exchange, such as the New York Stock Exchange.
- Level 2: Financial assets and liabilities are valued using inputs such as quoted prices for similar assets, or inputs that are observable, either directly or indirectly.
- Level 3: Financial assets and liabilities are valued using pricing inputs that are unobservable for the assets, or inputs that reflect the reporting entity's own assumptions about the assumptions that market participants would use in pricing the asset.

The fair value measurement level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Investments are carried at fair value. The fair value of long-term obligations approximates their carrying value based on discounted cash flows using borrowing rates currently available to the Organization for obligations with similar terms and remaining maturities (Level 2).

Southern California Public Radio (An Affiliated Organization of American Public Media Group)

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

Fair values of actively traded money market funds are based on quoted market prices. Fair values of inactively traded money market funds are based on quoted market prices of identical or similar securities based on observable inputs like bid prices using a market valuation approach. Fair value of the interest in investment pool is equal to the Organization's allocated share of the fair value of securities within the pool. The endowment funds held by others is recorded at the fair value of the underlying assets, which approximates the present value of the future payment stream the Organization will receive. Quantitative factors include a long-term gross average growth rate of 8 percent and a discount rate of 8 percent. See Note 2 for the distribution policy.

Investments measured at fair value on a recurring basis:

	June 30, 2013			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ -	\$ 624,000	\$ -	\$ 624,000
Interest in investment pool	-	2,397,000	-	2,397,000
Endowment funds held by others	-	-	326,000	326,000
	<u>\$ -</u>	<u>\$ 3,021,000</u>	<u>\$ 326,000</u>	<u>\$ 3,347,000</u>

Fair value measurements using Level 3 inputs for the year ended June 30, 2013:

Beginning endowment funds held by others, at fair value	\$ 193,000
Additions to fund	92,000
Change in value	41,000
Ending endowment funds held by others, at fair value	<u>\$ 326,000</u>

Risks and uncertainties: The Organization's financial instruments are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain financial instruments, it is reasonably possible that changes in the values of financial instruments will occur in the near term, and such changes could materially affect the amounts reported in the statement of financial position.

Note 4. Receivables

Receivables: Trade, pledges and grants receivable are primarily unconditional promises to give. Unconditional promises to give due in the next year are reported at their net realizable value as current assets in the statement of financial position. Unconditional promises to give due in subsequent years are reported at the present value of their net realizable value as other long-term assets in the statement of financial position, using discount rates applicable to the years in which the promises are received. Present value discounts were \$20,000 at June 30, 2013. Amortization of the discount is reported on the support and earned revenue lines associated with the initial transaction within the statement of activities.

Allowance for doubtful accounts: The Organization estimates an allowance for doubtful accounts that is based on both a review of outstanding accounts and a consideration of historical experience.

Southern California Public Radio (An Affiliated Organization of American Public Media Group)

Notes to Financial Statements

Note 4. Receivables (Continued)

Trade, pledges and grants receivable at June 30, 2013, were due as follows:

In less than one year	\$ 7,074,000
In one to five years	1,781,000
In greater than five years	20,000
Total receivables	<u>\$ 8,875,000</u>

Trade receivables: Trade receivables consist primarily of individual gifts and membership, underwriting and earned revenue. Allowances for doubtful accounts of \$469,000 at June 30, 2013, were recorded to provide for an estimate of accounts that may become uncollectible.

Conditional promises to give are not included as support until such time as the conditions are substantially met. At June 30, 2013, the Organization had received conditional underwriting trade receivable of approximately \$2,800,000 that were not recorded in the financial statements because the conditions had not been met.

Pledge receivables: Pledge receivables consist of unconditional promises to give to a finite special-purpose fundraising campaign. For the year ended June 30, 2013, pledge receivables supported SCPR's capital campaign to finance the acquisition, construction, improvement and remodeling of SCPR's broadcast facilities at 474 South Raymond Avenue in Pasadena, California. An allowance for pledge receivable doubtful accounts of \$229,000 at June 30, 2013, was recorded to provide for an estimate of accounts that may become uncollectible.

Grant receivables: Grant receivables are unconditional promises to give to support the general operating or capital needs of the Organization. No allowance for doubtful accounts was deemed necessary for grant receivables at June 30, 2013.

Note 5. Investments

The Organization's investments include an interest in investment pool managed by APMG on behalf of itself and its affiliates. The investment pool invests in various securities, including U.S. government securities, corporate debt instruments, and cash equivalents.

The composition of amounts reported as investments and interest in investment pool at June 30, 2013, was as follows:

Money market funds	\$ 624,000
Interest in investment pool	2,397,000
Total	<u>\$ 3,021,000</u>

Net investment return for the year ended June 30, 2013, consisted of the following:

Interest and dividend income	\$ 1,000
Realized losses	(1,000)
Change in value of endowment funds held by others	41,000
Total net investment return	<u>\$ 41,000</u>

Southern California Public Radio (An Affiliated Organization of American Public Media Group)

Notes to Financial Statements

Note 5. Investments (Continued)

The interest and dividend income consists primarily of interest income from the money market funds and interest in investment pool. The investment return from the interest in investment pool is the allocated portion due to SCPR based on the average investment balances.

Note 6. Net Property and Equipment

Net property and equipment at June 30, 2013, consisted of the following:

Cost:	
Land	\$ 4,734,000
Building and leasehold improvements	15,310,000
Furniture and equipment	5,078,000
Construction in progress	41,000
Total	<u>25,163,000</u>
Less accumulated depreciation and amortization	<u>(5,037,000)</u>
Net property and equipment	<u>\$ 20,126,000</u>

Total depreciation expense and amortization of leasehold improvements was \$1,394,000 for the year ended June 30, 2013, and was recorded in the Property Fund.

Note 7. Amounts Payable to APMG

On May 28, 2009, SCPR and APMG agreed to a \$1,035,000 promissory note that provided long-term financing of SCPR's purchase of KVLA (90.3 FM, formerly KPCV). This note bears interest at the federal funds effective rate of interest, which was 0.07 percent at June 30, 2013. The amount outstanding at June 30, 2013, was \$135,000, which is due in full in 2014.

APMG established a line of credit of \$1,000,000 for SCPR's general operating needs. This line bears interest at the one-month LIBOR plus 1.2 percent, which was 1.4 percent at June 30, 2013. The line of credit expires on June 30, 2014. There was no outstanding amount at June 30, 2013.

Note 8. Long-Term Obligations

Long-term obligations consisted of the following at June 30, 2013:

\$7,000,000 variable-rate California Infrastructure and Economic Development Demand Revenue Bonds, Southern California Public Radio Project—Series 2005 (the Bonds), with interest due monthly (0.1% as of June 30, 2013), maturing September 1, 2025; secured by an irrevocable letter of credit of \$5,147,692, which expires on November 15, 2015	\$ 5,085,000
Less amounts due within one year	<u>340,000</u>
Long-term portion	<u>\$ 4,745,000</u>

Southern California Public Radio (An Affiliated Organization of American Public Media Group)

Notes to Financial Statements

Note 8. Long-Term Obligations (Continued)

Interest on the Bonds is based on a daily remarketing process; however, the rate is not to exceed 10.0 percent. SCPR has the option to call for the redemption and prepayment of the outstanding bonds in full or in part as per the redemption schedule. The Bonds can also be tendered on certain dates by the bondholders. The remarketing agreements provide for a "best efforts" remarketing of any bonds tendered.

On October 28, 2010, SCPR entered into an agreement with JPMorgan Chase Bank, N.A. as the letter-of-credit provider for the Bonds. The letter of credit was established for five years, expiring on November 15, 2015, unless terminated sooner. The letter of credit is for an amount equal to the aggregate outstanding principal amount of the Bonds, plus 45 days' interest, at a maximum interest rate of 10.0 percent per annum. The letter of credit is also secured by a guarantee provided to the trustee by APMG. In addition to certain nonfinancial covenants, APMG is required to maintain a ratio of unrestricted cash and investments to indebtedness of no less than 1.2-to-1.0.

While there is no assurance that the letter of credit can be renewed, it is the Organization's intention to renew the letter of credit. The scheduled maturities of the Bonds, assuming the Bonds are remarketed and the letter of credit is renewed over the term of the bonds, are as follows:

Years Ending June 30,

2014	\$ 340,000
2015	355,000
2016	370,000
2017	385,000
2018	405,000
Thereafter	3,230,000
	<u>\$ 5,085,000</u>

In the event the Bonds are not remarketed and amounts are drawn on the letter of credit, such amounts are due in quarterly installments of one-twelfth the amount of the draw, beginning in the calendar quarter one year after the draw date. Additionally, any outstanding draws would be due in full on the earlier of the date of remarketing of the Bonds or termination of the letter of credit. If the letter of credit is not renewed on November 15, 2015, the outstanding bond of \$4,020,000 would then become due on demand. There were no amounts outstanding on the letters of credit for bonds that were not remarketed as of June 30, 2013.

The Organization incurred \$8,000 of interest expense during the year ended June 30, 2013.

Note 9. Leases

The Organization leases studio facilities, transmission facilities and office space under noncancelable operating lease agreements that expire at varying dates from 2013 to 2026. Total rent expense for all operating leases, including month-to-month leases, was \$251,000 for the year ended June 30, 2013.

Southern California Public Radio (An Affiliated Organization of American Public Media Group)

Notes to Financial Statements

Note 9. Leases (Continued)

Minimum future payments required under noncancelable operating leases as of June 30, 2013, are as follows:

Years Ending June 30,

2014	\$	196,000
2015		190,000
2016		196,000
2017		199,000
2018		203,000
Thereafter		1,310,000
	\$	<u>2,294,000</u>

Note 10. Contingencies

SCPR is involved in various legal proceedings incidental to its business. Although it is difficult to predict the ultimate outcome of these proceedings, management believes that the resolution of such proceedings will not have a material adverse effect on the operations or the financial position of SCPR.

Note 11. Retirement Plan

SCPR employees participate in APMG's 403(b) tax-deferred retirement plan, which provides for qualified employees to make required and supplemental contributions to the plan through payroll deductions. For the year ended June 30, 2013, employee required contributions are matched 100 percent by the Organization up to 6.5 percent of their base compensation. Participation is voluntary after one year and is required after five years of employment or age 35, whichever is later. The Organization provided \$433,000 of matching contributions for the year ended June 30, 2013.

Note 12. Affiliated and Related-Party Organizations

SCPR is charged by APMG for its estimated share of various administrative services incurred on its behalf. For the year ended June 30, 2013, these charges totaled \$760,000 and are included in administrative and operations expenses on the statement of activities.

During the year ended June 30, 2013, SCPR was charged \$562,000 for various operational services provided by MPR. These charges are included in operations expenses on the statement of activities.

SCPR is charged by MPR for tenant improvements and rental costs associated with their shared office space in downtown Los Angeles. For the year ended June 30, 2013, the charges totaled \$30,000 and are included in operations expenses on the statement of activities.

SCPR used programming services from MPR in the amount of \$352,000, which is reflected in operations expenses on the statement of activities. SCPR received a grant of programming services from MPR in the amount of \$171,000 for the year ended June 30, 2013, which is reflected as an intercompany grant on the statement of activities.

Southern California Public Radio (An Affiliated Organization of American Public Media Group)

Notes to Financial Statements

Note 13. Public Service Operating Agreements

SCPR is party to two public service operating agreements (the operating agreements) with PACCD and UR (the licensees) for the operation of the public radio stations KPCC (89.3 FM) and KUOR (89.1 FM). Under the operating agreements, SCPR agreed to make revenue-sharing payments and to reimburse the licensees for certain actual expenses. The PACCD agreement is effective through December 2025, and the UR agreement is effective through April 2017. Revenue-sharing payments to the licensees under the terms of the operating agreements are as follows for the years ending June 30:

Years Ending June 30,

2014	\$ 212,000
2015	212,000
2016	262,000
2017	310,000
2018	300,000
Thereafter	2,250,000
	<u>\$ 3,546,000</u>

For the year ended June 30, 2013, revenue-sharing payments to the licensees were \$212,000 and are included in operations expenses on the statement of activities.
