## VIA FACSIMILE (202-418-1410)

Ms. Karen Judge Mass Media Bureau Audio Services Division Federal Communications Commission Washington, DC 20554

Dear Ms. Judge:

In response to your letter of May 1, 2002, I have filed the attached amendment to the pending application to modify the license of noncommercial educational FM station KPCC, Pasadena, California (File no. BLED-20011128ACS). The amendment modifies the coordinates of an existing transmitter site to conform to the coordinates specified in the Antenna Structure Registration. Because the application form does not ask for transmitter site coordinates or an antenna structure registration numbers, it was difficult to find an appropriate place to amend the application. To make sure that information contained in Exhibit I reaches you, I am providing this hard copy of the amendment that was filed.

Please contact me if there are any questions.

Sincerely

John/Crigler
