Attn: Mr. Marc Boudet

Re: Caterpillar 3412E DITTA  
Delivery Affirmation Letter

Dear Mr. Boudet,

This letter is to affirm our position on the deliver requirements for the thirty-seven (37) engines required in twelve (12) weeks, upon receipt of a purchase order. It is our intention to deliver the referenced engines within the required twelve week time frame. In order to improve our odds for on time delivery, we have entered an order for the total amount of engines, qty of 37.

The present leadtime from the factory is ten (10) weeks. We will lose about one week for freight from the factory to Miami, leaving us one week to install the required auto control systems. The engines ordered are the 3412E DITTA, rated 735HP at 1800RPM, Continuous "A" Duty. If there are any changes in the horsepower requirement, please notify me at your earliest disposition.

Thank you for the opportunity to partner with MWI to fulfill the requirements of your contract. Please do not hesitate to contact me if you have any questions.

Sincerely,  
Sergio Chacon  
EP & Industrial Sales Manager
